

The Adoptive Families of the Capital Region

Is Hosting a Workshop for Parents & Professionals

Parenting the Hurt Child

on

Tuesday, February 6, 2018
7:00-8:30 pm

Guilderland Public Library
2228 Western Ave, Guilderland

This workshop will present information on how adverse early life experiences negatively impact children's brains and developmental growth causing children to have developmental trauma. Discussion will include how developmental trauma impacts relationships, school performance, and daily activities. Information on parenting techniques and innovative therapies will be included in the discussion.

Workshop presenters

Sue d'Aversa, LCSW & Marie Dolfi, LCSW

AFCR is an all-volunteer group that has been providing support, education, and social activities for adoptive families and prospective adoptive parents in the Capital Region for over 40 years.
